

CORPORATE OVERVIEW

OVER 120 YEARS IN THE MAKING

A HERITAGE OF MANUFACTURING EXCELLENCE

WHO WE ARE

Security Systems Equipment's roots go back to 1884, when its predecessor was first incorporated in Cincinnati, Ohio. Since that time, the Cast-Fab family of companies has been providing world-class products in the highly competitive global marketplace.

THE CFT FAMILY OF COMPANIES

CFT

WHAT WE DO

Today as a company, we are involved in the manufacture of:

- *Security and Facility Equipment for financial institutions*
- *Gray and Ductile Iron Castings for global corporations*
- *Components for Machine Tools, Wind Turbines, Mining Equipment, and Armored Vehicles for the military*
- *Light and Heavy Metal Fabrications for a broad range of industries*
- *Water and Wastewater Treatment Equipment*

...NOW AND INTO THE FUTURE

Security Systems Equipment Corporation will continue to partner with other world-class organizations to develop solutions that protect the assets and increase the productivity of our nation's financial institutions. As part of the Cast-Fab organization, we are a family-owned business dedicated to providing quality products to our customers – and a safe work environment for our employees – while being a good corporate citizen in the communities where we live and work.

Above: December, 1940 – Employees gather for a holiday program to celebrate the opening of the new manufacturing facility.

The world has seen many advancements since we shipped our first machine tool components

SSE

CUSTOM SOLUTIONS TO MEET YOUR NEEDS

You spend valuable time and resources developing your customer service strategy. Shouldn't you have an equipment partner who understands your requirements—a team that can provide you with choices, and help you successfully implement your strategy?

With the SSE team, you don't have to compromise. Our network of Local Authorized Independent Dealers will review all your options, and then help you choose the one that best meets your needs. Our team will also be there to provide ongoing support for the life of the installation.

LOCAL AUTHORIZED INDEPENDENT DEALERS

Part of our corporate strategy is to bring our products to you through a network of Local Authorized Independent Dealers. We have chosen people who not only share our values, but many of them are also family-owned businesses. Like us, they contribute to the growth of their local economy by reinvesting money in their communities. Most of our Dealers can also offer our complementary products such as electronic security and ATMs. Many Dealers are also your customers. With the SSE team, you get choices and solutions - not a one-size-fits-all attitude.

ISO 9001:2000
