MODULAR VAULT SOLUTIONS

## TREASURY SERIES

### Maximum Security, Ultimate Versatility and Distinctive Design

SSE modular vaults represent the uncompromising combination of security, versatility and aesthetics. Maximize functionality while optimizing space and budget with an SSE modular vault system, customized for your facility.

# Gold

### GOLD VAULT DOOR

The Treasury Series Modular Vault System represents the latest in innovative engineering and modern design. The Treasury Series is anchored by Modular Vault Panels, which are available in both standard and lightweight versions to meet the most stringent installation requirements.

Two Vault Doors – the Gold and the Silver – are available to control access to your new vault. Both doors passed UL's rigorous testing procedures while maintaining their modern and distinctive design. They will provide you with the functionality and security you need, while also enhancing the appearance of your lobby.

*Left: Inside view of Gold Door and Glass Day Gate*

# Silver

## SILVER VAULT DOOR

The Treasury Series also offers you a choice of Day Gates to go with your new vault and door. You have the option between a Stainless Steel Bar or Glass style day gate, with either a standard lock or electric strike.

Finish off your vault with Safe Deposit Boxes and Lockers. Two different styles are available in a wide variety of sizes and configurations. The choices are yours. Pick the products that best meet your needs without sacrificing security, functionality or style.

*Craftsmanship,  
Innovation  
and Value*

# Modular Vault

## Modular Vault Solutions

### **MODULAR VAULT PANELS**

SSE Modular Vault Panels are constructed of innovative materials using modern production methods to give you the strength and security you need. The high-strength SSE Panels are equivalent to a standard reinforced concrete vault — but require much less space. SSE Modular Vault Panels install quickly to help lower your installation cost, while also providing flexibility for future expansion or relocation if your needs change. SSE Modular Vault Panels are available in both standard and lightweight versions, in UL Class I and Class II specifications.

**SECURITY SYSTEMS EQUIPMENT**

*Craftsmanship,  
Innovation  
and Value*

- **DOOR CONSTRUCTION**

*Treasury Series Vault Doors are UL-listed and are available in left or right swing configurations.*

- **MAINTENANCE FREE STAINLESS STEEL FINISH**

*Gold and Silver Vault Doors are finished in stainless steel for a maintenance-free appearance. The Gold Vault Door also has gold accents front and rear.*

- **WIDE, CLEAR OPENING**

*The 36" wide clear opening has a flat sill allowing easy access to the vault.*

- **HINGES**

*High precision anti-friction bearings are used to provide smooth and easy operation.*

- **DAY GUARD LOCK**

*All Treasury Series Vault Doors come standard with a day guard lock, which secures the locking bar in the open position. This helps ensure that personnel are not locked in the vault under holdup conditions.*

- **BUILT-IN EMERGENCY VENTILATOR**

*All Treasury Series Vault Doors come standard with a low-voltage emergency ventilator built right into the door.*

- **TIME LOCK**

*The Treasury Series uses resettable snap-action, three-movement time locks as standard on all vault doors. The time locks are concealed behind a locked panel on the rear of the door. Each movement has a built-in magnifying lens for easy viewing.*

- **ALARM SYSTEM**

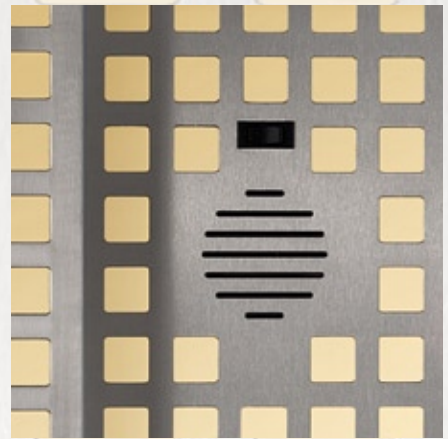

*A heat sensor and door contact come standard on all Treasury Series Vault Doors.*

- **LOCKS**

*Each Treasury Series Vault Door comes standard with two UL-listed 4-wheel combination locks.*

- **TWO DAY GATE STYLES**

*Treasury Series Vault Doors come with a choice of two Day Gate styles for use during business hours. Each Stainless Steel Bar and Glass Style Day Gate comes standard with a key locking handle, and can also be fitted with an electric strike.*

*Above: Built-in emergency ventilator*

**SECURITY SYSTEMS EQUIPMENT**

*Quality Products Designed to Meet Your Needs.*

## **INNOVATIVE SECURITY SOLUTIONS**

*There is no substitute for experience. SSE is fortunate to be supported by a network of equipment professionals experienced in the service, installation and sales of all brands and models of security products. Your SSE Authorized Dealer is available to help you design, plan and complete any size project.*
