60-HOUR WHOLE FOOD NUTRITION NCA CERTIFICATION PROGRAM

SPECIAL PILOT PRICING TUITION \$650 \$450

The Nutritional Clinical Assistant (NCA) Level I program is a 60-hour training curriculum especially for office staff taking a more active role in the nutrition segment of clinical practice. What does "pilot" mean? Enrollees agree to pace their study with our weekly assignments, test our preliminary materials, and provide feedback on their experience in exchange for a reduced tuition – over 30% off! We need guinea pigs (in the nicest sense of the word) and you get a great deal.

- Provide resources and training to your staff that you just don't have time for
- Enhance your patient experience
- Build a solid nutritional revenue segment
- Enrich your staff's purpose and job satisfaction and increase retention
- Build a team and a practice focused on wellness and nutrition

1

ONLINE PROGRAM

A few targeted reading books and online video programs make this ideal for staff - no outside training or expense.

2

SPECIFIC TRAINING

All training will support a clinical practice focused on whole food, therapeutic nutrition and herbs.

We proudly support Standard Process & MediHerb product lines

3

FAST COMPLETION

Our weekly schedule allows for 2-3 hours per week of study over 5-6 months. Longer time-frames are totally fine - no pressure.

NUTRITIONAL CLINICAL ASSISTANT (NCA) CERTIFICATION LEARNING CONTENT
